“Yanbu, located in the West Coast of Saudi Arabia and often perceived as a port for Chemical and Petroleum Products, has experienced gradual growth in the export and import of Dry Bulk commodities in 2021. Kanoo Shipping Yanbu is proud to play its role as a specialist in handling numerous commodities associated with Dry Bulk, such as Bulk Purified, Terephthalic Acid (PTA), Sugar, Aggregate, Break Bulk, as well as Marine Infrastructure Projects. The Saudi Arabia West Coast is constructing some of the world’s largest leisure projects as well as new advanced cities such as NEOM—and this requires in-depth local knowledge that Kanoo Shipping in Yanbu has”
