RE: PCR tests for incoming vessels

In reference to the above-mentioned subject we would like to inform you that after further consultation and support from our Federal control agencies it has been agreed to cancel the requirement for a PCR test to be conducted for crews before berthing.

However, vessels arriving from the below countries or flagged by them will still need to be inspected on arrival by customs as per the previous instruction.

The countries this rule is currently applicable to are:

- Afghanistan
- Iran
- Iraq
- Oman
- Pakistan
- Yemen

This procedure is to be resumed with immediate effect.

Saqr Port thanks you for your continued cooperation in this matter.

Regards

Alister Barker
